Preliminary results from the recall election of an extremist school board president in Temecula send a powerful message: Riverside County refuses to tolerate bigotry and extremism, even in its most conservative areas. This truly bipartisan outcome demonstrates the strength of our collective values and our commitment to upholding principles of inclusivity, equality, and democracy .

By decisively removing an individual who espoused views contrary to these values, we have reaffirmed our dedication to creating a safe and welcoming environment for all members of our diverse communities, especially our children who deserve access to education free from prejudice and discrimination.

This victory in Temecula serves as a beacon of hope and inspiration, illustrating that when we come together with courage and determination, we can overcome even the most entrenched divisions and build a brighter future for generations to come. Let this be a reminder of the importance of both our individual agency and collective responsibility in creating a more inclusive and equitable Riverside County for all.
